ITINS

What is an ITIN?

An Individual Taxpayer Identification Number, or ITIN, is a number given by the IRS to people in the United States who are required to pay taxes but don't have a Social Security Number. **Individuals may be issued ITINs regardless of immigration status.**

Why file for an ITIN?*

- In New York City, most credit unions and at least 38 banks accept ITINs as a form of ID when you open a savings account including: **Emigrant Savings Bank, Chase, Citibank, North Fork, and Wachovia.**
- Many banks and credit unions accept ITINs as a form of ID when you apply for credit cards and loans. A number of institutions even offer ITIN mortgages. Contact your local branch for more details.
- An ITIN allows you to establish a record of paying taxes. A record of on-time yearly payments can help you on your path to citizenship.

*It is illegal to use an ITIN on work documents (such as job applications)

What does an ITIN say about my immigration status?

- Since ITIN may be issued to any taxpayer regardless of whether or not they are here legally, having one does not imply your legal status.
- **The information that you give to the IRS in your application is not shared with any other government agency.**
